### **Personal Data We Collect and How We Use It**

We collect Personal Data in two general settings:

#### **a) Collection of General Personal Data and Information**

The Site collects a series of general Personal Data and other information when you or automated system calls up the Site. This general Personal Data and information are stored in the server log files.

Collected may be:

- the browser types and versions used,
- the operating system used by the accessing system,
- the website from which an accessing system reaches our Site (so-called referrers),
- the sub-websites,
- the date and time of access to the Internet site,
- an Internet protocol address (IP address),

- the Internet service provider of the accessing system, and
- any other similar data and information that may be used in the event of attacks on our information technology systems.

When using these general Personal Data and information, we do not draw any conclusions about you.

Rather, this information is needed to:

- deliver the content of our Site correctly,
- optimize the content of our Site as well as its advertisement,
- ensure the long-term viability of our information technology systems and website technology, and
- provide law enforcement authorities with the information necessary for criminal prosecution in case of a cyber-attack.

Therefore, we analyse anonymously collected Personal Data and information statistically, with the aim of increasing the data protection and data security of our enterprise, and to ensure an optimal level of protection for Personal Data we process. The anonymous data of the server log files are stored separately from all Personal Data you provided.

## **b) Registration on our Site**

You have the possibility to register on our Site with the indication of Personal Data. Which Personal Data are transmitted to us is determined by the respective input mask used for the registration. The Personal Data you have entered is collected and stored exclusively for our internal use, and for our own purposes. We may request transfer to one or more processors (e.g. a parcel service) that also uses Personal Data for an internal purpose which is attributable thereto.

By registering on our Site of the controller, the IP address—assigned by the Internet service provider (ISP) and used by you—date, and time of the registration are also stored. The storage of this Personal Data takes place DESTACO against the background that this is the only way to prevent the misuse of our services, and, if necessary, to make it possible to investigate committed offenses. Insofar, the storage of this Personal Data is necessary to secure the Company. This Personal Data is not passed on to third parties unless there is a statutory obligation to pass on that data, or if the transfer serves the aim of criminal prosecution.

Your registration, with the voluntary indication of Personal Data, is intended to enable us to:

- offer you contents or services that may only be offered to registered users due to the nature of the matter in question.
- fulfill or meet the reason you provided the information.
- provide you with information, products, or services that you request from us.
- fulfill any other purpose for which you provide it.
- To carry out our obligations and enforce our rights arising from any contracts between you and us, including for billing and collection.
- In any other way we may describe when you provide the information.
- To evaluate or conduct a merger, divestiture, restructuring, reorganization, dissolution, or other sale or transfer of some or all of our assets, including Personal Data held by us, whether as a going concern or as part of bankruptcy, liquidation, or similar proceeding.
- For any other purpose, as allowed by applicable law.

Registered users are free to change their Personal Data specified during the registration at any time, or to have it completely deleted from our data stock.

We will refrain from using your Personal Data for any other purpose unless we notify you first and obtain your affirmative consent with respect to its use outside of these above-stated purposes. Likewise, our Processors may have access to and use your Personal Data only as necessary to perform their functions described above. DESTACO may also share your Personal Data with any buyer or other successor in the event of a merger, divestiture, restructuring, reorganization, dissolution, or other sale or transfer of some or all of our assets, whether as a going concern or as part of bankruptcy, liquidation, or similar proceeding, in which Personal Data held by us about our Site users is among the assets transferred. That company will possess the Personal Data collected by us and will assume the rights and obligations regarding your Personal Data as described in this Data Protection and Privacy Policy. ## **Measures Employed by DESTACO to Protect Your Personal Data in our Possession**

In addition to sharing Personal Data with Processors as described above, Personal Data will be shared within DESTACO on a “*need to know*” basis. We have commercially reasonable security measures in place to help protect against loss, misuse, and alteration of your Personal Data in our possession. No method of transmission over the Internet, or method of electronic storage, is 100% secure, however. Therefore, while DESTACO uses reasonable efforts to protect your Personal Data, DESTACO cannot guarantee its absolute security. DESTACO will contractually require each Processor or other third-party with whom it shares Personal Data to use reasonable measures to protect that Personal Data. However, DESTACO cannot monitor these Processors and other third-parties to ensure that they comply.

## **How Long Do We Keep Personal Data?**

DESTACO will keep Personal Data only as long as it is necessary to accomplish the purpose for which it was originally collected. From time to time, DESTACO may, but does not have to, purge or delete some or all of the Personal Data it keeps in its database in compliance with the foregoing.

  - **Request access** to your Personal Data. This enables you to receive a copy of the Personal Data we hold about you and to check that we are lawfully processing it.
  - **Request correction** of the Personal Data that we hold about you. This enables you to have any incomplete or inaccurate Personal Data we hold about you corrected, though we may need to verify the accuracy of the new data you provide to us.

- **Request erasure** of your Personal Data. This enables you to ask us to delete or remove Personal Data where there is no good reason for us continuing to process it. You also have the right to ask us to delete or remove your Personal Data where you have successfully exercised your right to object to processing, where we may have processed your information unlawfully or where we are required to erase your Personal Data to comply with local law. Note, however, that we may not always be able to comply with your request of erasure for specific legal reasons which will be notified to you, if applicable, at the time of your request.
- **Object to processing of your Personal Data where we are relying on a legitimate interest (or those of a third party) and there is something about your situation which makes you want to object to processing on this ground as you feel it impacts on your fundamental rights and freedoms.** You also have the right to object where we are processing your Personal Data for direct marketing purposes. In some cases, we may demonstrate that we have compelling legitimate grounds to process your information which override your rights and freedoms.
- **Request restriction of processing of your Personal Data.** This enables you to ask us to suspend the processing of your Personal Data in the following scenarios: (a) if you want us to establish the data's accuracy; (b) where our use of the data is unlawful but you do not want us to erase it; (c) where you need us to hold the data even if we no longer require it as you need it to establish, exercise or defend legal claims; or (d) you have objected to our use of your data but we need to verify whether we have overriding legitimate grounds to use it;
- **Request the transfer of your Personal Data to you or to a third party.** We will provide to you, or a third party you have chosen, your Personal Data in a structured, commonly used, machine-readable format. Note that this right only applies to automated information which you initially provided consent for us to use or where we used the information to perform a contract with you.
- **Withdraw consent at any time where we are relying on consent to process your Personal Data.** However, this will not affect the lawfulness of any processing carried out before you withdraw your consent. If you withdraw your consent, we may not be able to provide certain products or services to you. We will advise you if this is the case at the time you withdraw your consent.

(e) You will not have to pay a fee to access your Personal Data (or to exercise any of the other rights). However, we may charge a reasonable fee if your request is clearly unfounded, repetitive or excessive. Alternatively, we may refuse to comply with your request in these circumstances.

(f) You may at any time lodge a complaint with a supervisory authority located in the European Union having jurisdiction over processing; and
